PAYMENT TOOLS

Payouts refers to the schedule of payouts from BRS Golf to your club bank account, so you can track when you are receiving payment for your bookings. Payouts to the golf clubs bank account are controlled by golf now but we will set these up to automatically payout on a 7-day rolling basis.

The Payouts report will display payments by source including Memberships Bill Payments, Wallet top-ups, Payment Requests, Visitor Booking and Purse Top-ups.

If you wish to view the individual transactions of each payout, you can click directly on the Amount to view further details. Each booking will have an associated fee allowing you to tally what is charged in each payout. Payouts can be downloaded as a CSV or printed.

Booking Payment Requests - BRS Payments contains a wholly new feature to BRS - the ability to send a Payment Request email to a contact, containing a link for the customer to pay a pre-defined amount for their tee time booking. We hope this will be a major improvement on the age-old need to chase the likes of societies for deposit cheques / instalment cheques

General Payment Requests - The ability to send a Payment Request email to a contact or member, containing a link for the customer to pay a pre-defined amount online. This is different to booking payment requests as it can be used to more generally to take a payment for any purpose you wish e.g. Membership, Fees, Pro Shop.

Transaction Reports allow you to view any transactions made within a 7 day window. This section also allows admin users the option to refund a transaction by clicking on the "More" button on the left hand side. Once a transaction has been refunded, an '*' will appear beside the amount in the 'Gross Amount' column.

VAT Reports

The VAT reports are useful in providing a snapshot of a months' worth of transactions. Each VAT report is broken down detailing:

- Reference Number
- Date
- Type
- Gross Sales
- Processing Fees
- Net Sales
- VAT

Each VAT report can be downloaded to a PDF file or as a CSV.

IMPROVED VISITOR CHECKOUT EXPERIENCE

Visitors will now have the convenience of being able to prepay in full for their tee time through the BRS Visitor Booking Engine on your club website.

This improved minimal and responsive checkout experience with Payments means visitors can pay directly and easily on any device.

Requirements:

- Long card number
- Date of expiry in MM/YY format e.g. for February 2023 it would be 02/23
- CVC- Short code on back on card
