

On your iPad,

1. Open Safari and go to <https://install.golfnowone.com/>
 - a. The F&B App to download is called 'Golf365 Pro'.
 - b. The Golf365 KDS App is not required in UK/Ireland
2. Tap Install to begin the App download
 - A popup will display, tap Install.
 - Nothing will happen on screen but if you close the browser and go to the desktop where you should see a Golf365 Pro icon being installed.
3. Once installed, open the iPad Settings
4. Tap General – VPN & Device Management.
 - Tap on Trust 'TGC, Inc'.
5. Staying in your iPad Settings, scroll down to the list of Apps.
 - Tap on 'Golf365 Pro' and update 'Provider' to be UK.

Your app should now be ready to use.
